

# DENTAL & HYGIENE CATALOG

*Disposable protective products*

Giotex, based in Banja Luka, started its healthcare manufacturing process in 2023.

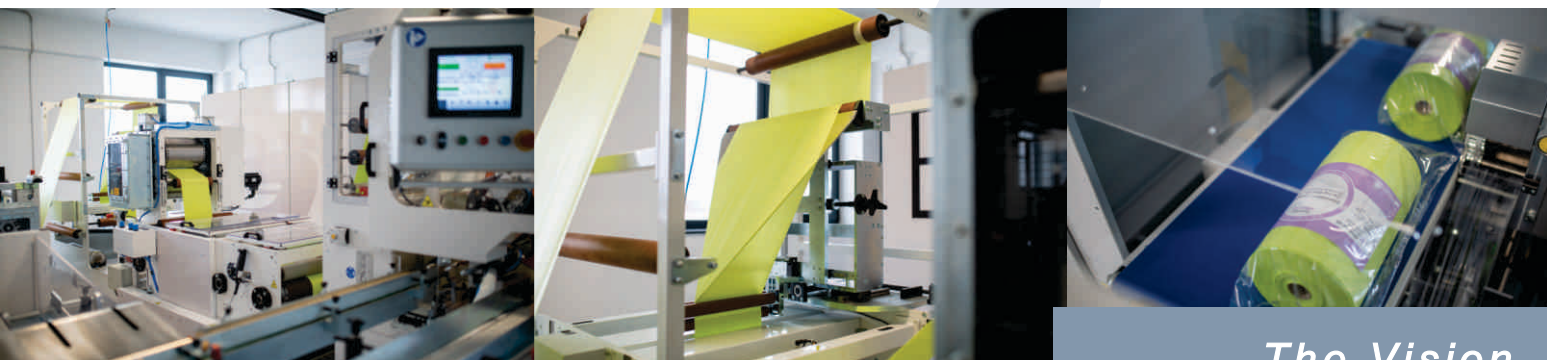

We are a trusted provider of single -use products, based in Southeast Europe.

Giotex products are designed to provide optimal protection during dental and other internal examinations. We are the first company in Europe to use fully automated technology in this field of production, equipped with top-quality machines from renowned manufacturers.

## *The Mission*

Our mission is to provide high-quality and innovative medical equipment that improves healthcare and well-being for patients and healthcare professionals. Through constant research, development and using the latest technologies, we are committed to producing sterile and non-sterile products that meet the highest quality and safety standards.

## *The Vision*

Our vision is to become the leading manufacturer of medical equipment in the region, known for its commitment to innovation, sustainability and ethical business. We strive for a global presence, constant improvement of our products and services, and building long-term relationships with clients, partners and the community. We invest in the education and training of our employees in order to shape the future of the healthcare industry together.

# Hygiene Guard ECO NATURE

## Examination Roll

1-PLY

**100%** 1 ply Recycled Paper

Hygiene Guard Eco Nature is protective roll designed for examination tables, made from 100% recycled paper in a single-ply construction. Despite being single-ply, the thicker paper offers excellent strength and durability.

Free from HDPE layers, this roll provides an environmentally friendly alternative without sacrificing performance.
